

2023/24

Learner Outcomes

At Petty Pool, our goal is to enable our learners with SEND to move on into fulfilling employment opportunities.

The employment rate for adults with learning disabilities known to social services in England is only 5.1% (NHS Digital).

In 2023/24, Petty Pool leavers in employment was 28% (this includes employment and supported employment, a further 8% increase from the previous year.

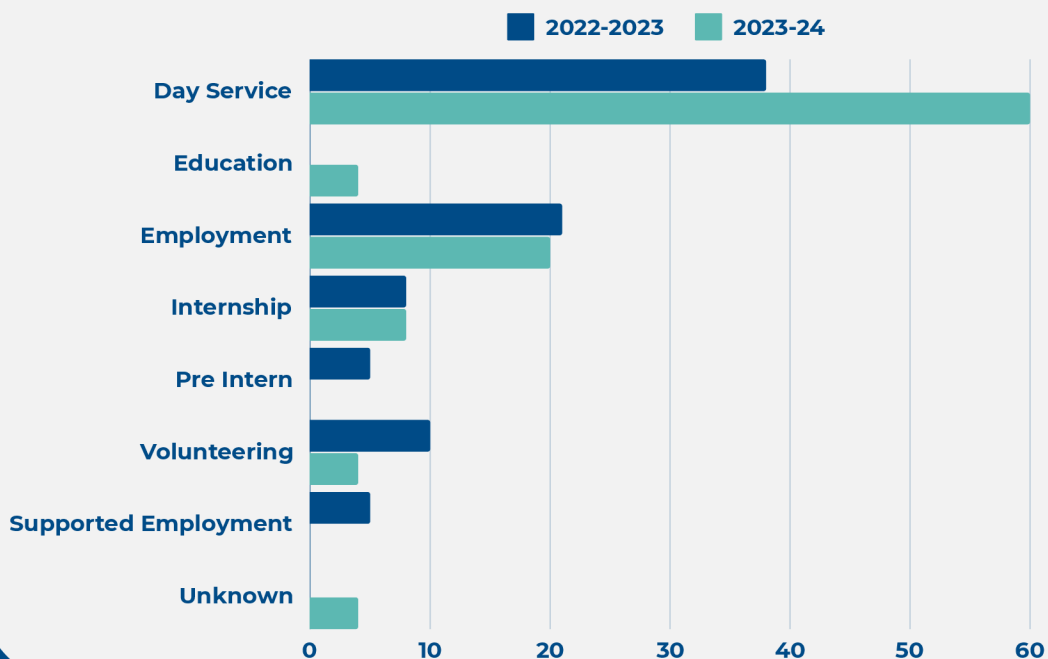

According to the DWP, as of 2023, the employment rate for disabled adults (which includes adults with SEND) is just 54.9%, compared to 82.2% for non-disabled people.

This represents a significant gap in employment between disabled and non-disabled adults.

2023/24 Leaver Outcomes, vs 2022/23

5.9%

National Average- for young people (16-25) with an EHCP in paid employment

20%

2022/23 - Petty Pool leavers who transitioned into employment

28%

2023/24 leavers into employment, including supported employment), over 20% above the National Average!

These statistics highlight the employment barriers faced by adults with SEND and underscore the importance of supported employment schemes and targeted interventions.
